McCoy Federal Credit Union offers financing on single-family primary residences located in the State of Florida.

### The maximum amount we will finance depends on the type of mortgage:

- If you are purchasing a home (purchase mortgage loan) we will finance up to 95% of the appraised value or purchase price whichever is less.
- Any loan over 80% loan-to-value requires Private Mortgage Insurance (PMI).
- If you are refinancing your existing mortgage and do not want to receive any additional funds (no cash out refinance) we will finance up to 95% of the appraised value.
- If you are refinancing your existing mortgage and want to receive any additional funds (cash out refinance) we will finance up to 80% of the appraised value.

The annual percentage rate (APR) is the cost of credit over the term of the loan expressed as an annual rate. Interest rates and APRs are based on current market rates and are for informational purposes only. Rates are subject to change without notice and APR (Annual Percentage Rate) calculations are based on certain assumptions related to closing costs and fees. For the APR's listed, the calculation is based on a purchase price of \$264,000.00 with a 5% down payment yielding a loan amount of \$250,800.00, excellent credit, an owner-occupied property, a 95% combined loan-to-value ratio, and estimated PMI. The payments listed below include principal and interest only they do not include taxes and insurance or estimated PMI - actual obligations will be greater. Based on this example, monthly payments of principal + interest only would be \$2,761.78 for a 10-year loan, \$2,147.55 for a 15-year loan, \$1,934.98 for a 20-year loan and \$1,650.60 for a 30-year loan. Subject to credit approval.
